

The Beeches Care Home

The Beeches is a modern, purpose built care home situated near Stockton town centre and local amenities. It is on two main bus routes and close to the train station.

Our home:

- ▀ Specialises in residential and residential dementia care.
- ▀ Provides 60 single en suite bedrooms and two double en suite bedrooms for couples or people who prefer to share. For residents' safety all rooms are equipped with a nurse call system. We encourage residents to personalise their rooms with their own belongings so they feel at home.
- ▀ Has a number of communal lounges one of which is used for our extensive activities programme and another has been set up as a coffee lounge for residents and visitors.

- ▶ The coffee lounge has access onto an enclosed terraced garden area.

Our staff promote and provide individualised care starting with a comprehensive assessment of needs through to compiling a thorough care plan. We assess all residents before they come to our home and tailor care to meet each individual's need.

We also:

- ▶ Provide a wide variety of fresh food cooked daily on the premises by our dedicated catering staff. We cater for special diets and adapt our menus in order to provide seasonal choices to our residents.

- ▶ Provide weekly visits by a hairdresser to our home's salon.
- ▶ Have a dedicated activities coordinator who organises different events including arts and crafts, games, quizzes, entertainment, gardening, trips to the shops and other outings.
- ▶ Have touch screen computers for our residents to stay in touch via the internet.
- ▶ Encourage each resident, where possible, to keep their own GP, district nurse, dentist and chiropodist and to attend the same hospital for appointments.
