

Deangate Care Home

Constructed in 1990, Deangate Care Home is a purpose built detached home with pleasant grounds. Our home is conveniently situated within the village of Mapplewell on the outskirts of Barnsley providing easy access to amenities including a wide variety of shops, a village hall and library. There is a local bus service, with buses running every 10 minutes into town.

We provide specialist care in Poppy Lodge for residential dementia care.

Poppy Lodge:

- ▶ Offers a secure yet sensory environment for our residents.
- ▶ Accommodates up to 13 residents in individual en suite rooms.
- ▶ Includes a dining room, comfortable lounge and a sensory garden.

The remainder of Deangate Care Home provides residential care. All bedrooms have en suite facilities and the home has a large spacious dining room and four lounges, one of which provides the ideal setting for our many activities.

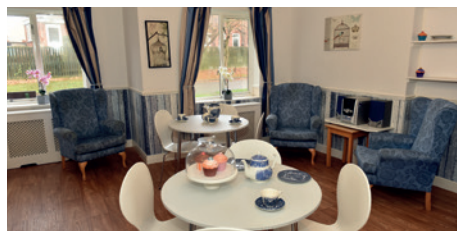

These separate suites mean we can tailor our care to meet every resident's needs and wishes.

We ask each resident or their relative or representative to help formulate an individual care plan to ensure we cater for all their needs and can provide specialist and dedicated care.

We also provide:

- ▶ A dedicated activities organiser who encourages residents to be as active and occupied as possible. Activities include bingo, arts and crafts, quizzes, flower arranging and many more. Throughout the year we arrange seasonal events including visiting the pantomime and an annual trip to Blackpool illuminations.
- ▶ Weekly visits from a hairdresser.

- ▶ Access to each resident's own GP, visiting chiropodist, physiotherapist and an occupational therapist ensuring continuity of care.
- ▶ Fresh food cooked daily on the premises, offering a choice of meals. Our chefs cater for special diets and are happy to help meet all our residents' needs.
- ▶ On site café for both residents and their visitors to enjoy.
